Outdoor Wall Mounted ASL

Reach You Customers Whatever The Weather With The TOPAZ Outdoor Display Range

Our outdoor range combines all the benefits of our Android SL displays with the added benefit of being housed in a robust IP65 rated enclosure ensuring your message can be broadcast regardless of the weather.

You benefit from all the same design qualities of the ASL displays with the rounded corners and aluminium edging together with all the in-built power and functionality including the 'Out of the Box, Fully Inclusive' approach which means there are never any recurring costs with everything you need included!

The Wall Mounted Outdoor Displays are available in a range of sizes.

Upgrade the displays to include Touch Screen too, take advantage of the tablet like aesthetics making for instantly recognisable user friendly aesthetic.

Perfect for any outdoor environment.

Key Features

Touch Screen Available

Smart Temperature Control

Portrait or Landscape

IP65 Rated Enclosure

Sunlight Readable

Brightness is paramount when using outdoor screens, these displays use commercial grade Ultra High Brightness panels (2500 cd/m2); more than 4 times brighter than a standard home TV to allow easy readability in direct sunlight

Eco-Friendly Power Timer

Reduce your power consumption by automatically scheduling the screen to Power on or off. This allows you to automate when the screen is active & shut it off when your business is closed....ideal for a public environment!

Outdoor Enclosure

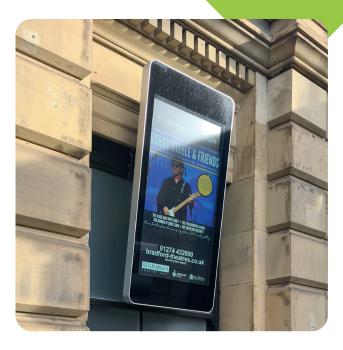

Designed with robust, corrosion protected, casing to protect against the elements and the public. With an IP65 rating, it keeps out all airborne particles as well as being protected from any wet weather conditions and also feature waterproof over moulded AV connectors.

Anti-Reflective Glass

The anti-reflective glass enables your customers to see and read what your displays are showing. Perfect for sunny, bright days in the summer. Making these displays visible all year round.
