Turn Heads with the TOPAZ Freestanding Touch Screen Display

Our Freestanding SL Series Displays are proven to be real attention grabbers and stand out in a busy commercial environment providing businesses a fresh approach to digital signage... an 'Out of the Box, Fully Inclusive' approach which enables businesses to control and manage costs and deployment in a more effective way.

With our latest Android powered Freestanding screens, the functionality has increased delivering even more benefits for your business.

The upgraded slimline design means that the Freestanding display takes up less real estate but keeping the large 50" & 55" display.

Available in White and Black, with a silver edging allowing the Freestanding Touch ASL to fit in with most retail aesthetic, and keeping with the high end designs of your brand image.
